EN GRATE CLEANER

Fine mist spray that makes cleaning the grates on your grill a breeze. The high-efficient spray not only loosens grease and food residue on the grates – it can also be used on all other surfaces inside the cookbox. From Flavorizer Bars to the lid – a clean grill ensures optimal heat reflection and perfect grill results. Storage: At room temperature. 1. Make sure the barbecue has cooled off. 2. Spray on grates or internal surfaces of the cookbox. Let it work for 30 seconds. 3. Clean the grates with a grill brush. Wipe off using a soft sponge or cloth. Repeat if necessary. May also be used on plastic parts. **Ingredients:** Non-ionic surfactants < 5%.

18283 Kit

combine from the following products:

17682 Stainless Steel Cleaner (300 ml)

17685 Non-Stick Spray (200 ml)

17875 Grate Cleaner (300 ml)

information for wire brushes: 53579 tag (see 8.1)

18284 & 18285 Kit

combine from the following products:

17684 Enamel Cleaner (300 ml)

17685 Non-Stick Spray (200 ml)

17875 Grate Cleaner (300 ml)

information for wire brushes: 53579 tag (see 8.1)

18286 kit

combine from the following products:

17874 Q & Pulse Cleaner (300 ml)

17685 Non-Stick Spray (200 ml)

17875 Grate Cleaner (300 ml)

information for wire brushes: 53579 tag (see 8.1)
